

ADM 100 – Introduction to Administrative Policies and Procedures

The Administrative portion of the online McPherson College Policy and Procedure Manual contains Policies and Procedures that are broad in nature, and generally campus-wide, rather than specific in nature as most Human Resources Policies are.

Many of the Policies found in the Administrative portion of the online Manual outline the philosophy of the College and provide direction in the Administration of the College. Some Policies are Operational in nature and do not fit in any of the other sections of the Manual and since they are campus-wide they fit best in the Administrative portion of the Manual.
