

# Forward mail to another account

Your Gmail Bulldog account lets you automatically forward incoming mail to another address.

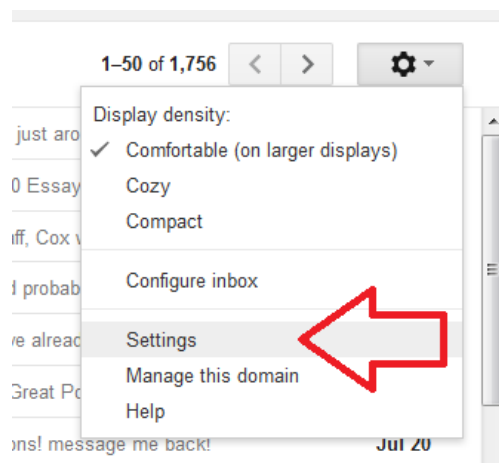

Here's how to forward messages automatically:

After logging into your Bulldog e-mail:

1. Click the  gear in the top right.

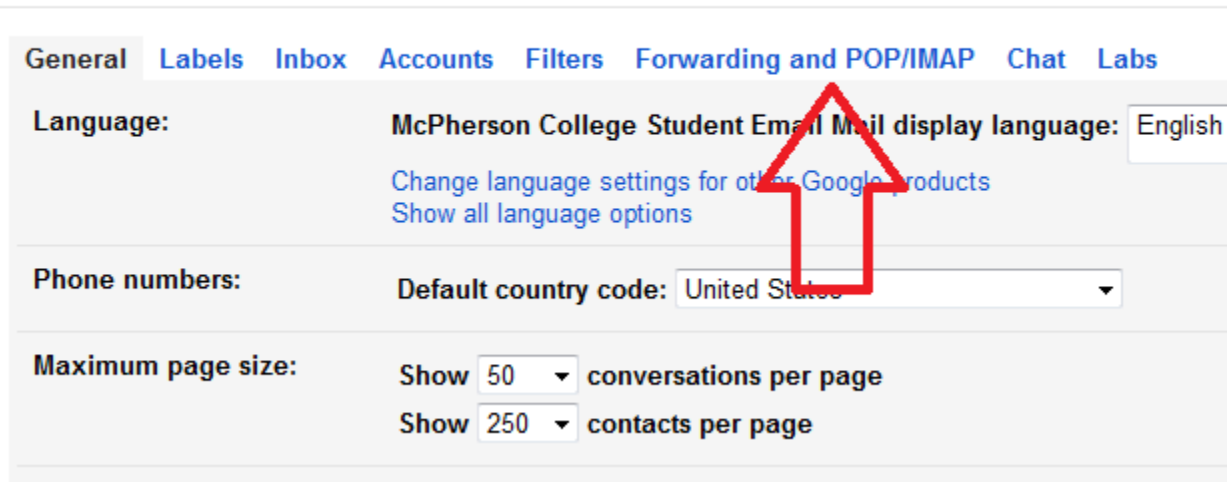

2. Select **Settings**.

3. Click the **Forwarding and POP/IMAP** tab.

5. Enter the email address to which you'd like your messages forwarded and click 'Next'.

6. Confirm your forwarding address. Click 'Proceed'.

7. For your security, we'll send a verification to that email address.
8. Open your forwarding email account and find the confirmation message from the Gmail team.

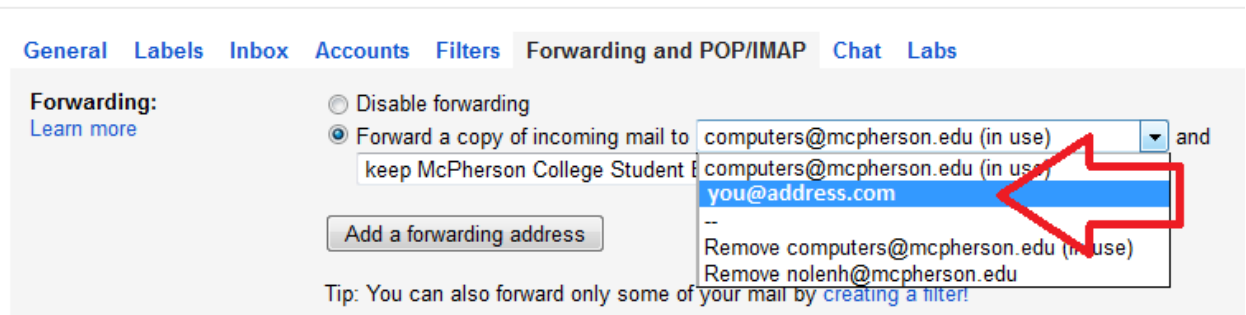

9. Click the verification link in that email. You should see this pop up in a new browser window or tab:

computers@bulldog.mcpherson.edu may now forward mail to **you@address.com**

10. Back in your Gmail account, select the 'Forward a copy of incoming mail to...' option and select your forwarding address from the drop-down menu.
