

FAC 423. Appointments with Tenure

Once tenure is granted, appointments are on a continuing basis. Such an appointment is terminable by the institution only a) after not less than 12 months' notice to the faculty member, if the termination is on account of financial exigency or discontinuation of the discipline area, or b) for adequate cause. See FAC 460 for an overview of tenure, and see FAC 482 for information on dismissal by institution.
