

FAC 460. Tenure

A faculty tenure system exists at McPherson College. Tenure provides academic freedom and security to make the academic profession attractive to able, dedicated, ethical and creative scholars and teachers. Tenure ensures that employment of a faculty member will not be terminated except in the case of discontinuation of the discipline area, financial exigency suffered by McPherson College, dissolution of the college as a legal entity, or dismissal for cause as defined by FAC 490 in this Faculty Handbook.
