

FAC 490.3 Administrative Leave of the Affected Faculty Member

At any point during the disciplinary proceedings, the President shall have the right to place the affected faculty member on administrative leave when the allegations are serious enough to warrant such leave. Administrative leave shall be with pay unless the faculty member causes, in the judgment of FRC, unreasonable and inordinate delay in the proceedings. If the suspension is to become unpaid, the faculty member shall be given at least thirty (30) days' advance notice.
