

FAC 550. Salary Schedule

Salaries for nine month and 10 month contracts are divided into 12 equal monthly payments, with one twelfth payment being paid each month. Paychecks for faculty will be deposited in a bank of the employee's choice, on the last working day of each month, unless employee requests other arrangements. Salary statements are distributed through the campus mail on the day the deposit is made. A schedule showing salaried staff paydays for the current year is available from the Business Office.
