

Rx Advocate Program

A PROGRAM THAT SAVES YOU MONEY

Your employer has partnered with IMA Pharmacy Advocates (IPA) to help their employees and dependents to save money on the rising cost of prescription medications.

This is a **FREE** program to you, available through your employer.

Once enrolled, participants will receive specialty medications sent directly to their home with no shipping/handling costs and \$0.00 copay.

Do you have questions about specialty medications that aren't covered by your prescription benefit plan? Our pharmacy advocates can help with the following:

- + **Specialty Medication Assistance**
- + **Pharmacy Related Questions**
- + **Managing Medication Adherence**

Why participate?

Because it saves you and the health plan money - which translates into more stable premiums over time.

If I participate, does my employer have access to my health information?

No. The IMA Rx Advocate Program is separate from your employer and will not share any of your personal health information.

If you or a family member has questions about the IMA Rx Advocate Program or how to join, please feel free to reach out to a pharmacy advocate representative.
